

HONOR A HERO SPONSOR A FLAG

Margate Field of Honor September 11, 2011

Terrorists thought they could change the course of America, they did. Healing Fields began as a community project of awareness of the 9-11 tragedy.

The Margate Field of Honor is being held to honor heroes, active military, veterans, firefighters, law enforcement officers, EMTs, beloved friends and family members. This will be a moving visual display of hundreds of American flags, each representing a special person in our country and community.

Show support for your hero or loved one and become part of this event. Your flag will be flown throughout the event with a tag to identify your honoree and then it will be yours to take home or donate to a local charity.
